

REMARKS

Claims 38-41 are pending in the application.

Independent claim 38 has been amended to correct a minor typographical error.

In the previous “REMARKS” please change as follows:

On page 4 last paragraph please change claim 39 to claim 38 as follows:

“OBJECTION TO CLAIM 39

Claim 39 is objected to because of the following informality:”

---should be---

“OBJECTION TO CLAIM 38

Claim 38 is objected to because of the following informality:”

On page 6, last paragraph please change CONTROLLER to COMPARATOR

“Thus, the main inventive concept of the present invention is to provide a feedback mechanism (the circuit of “PHASE **CONTROLLER** PCO” → “VCO2” → “SPINDLE MOTOR M1” in FIG. 16)”

---should be---

“Thus, the main inventive concept of the present invention is to provide a feedback mechanism (the circuit of “PHASE **COMPARATOR** PCO” → “VCO2” → “SPINDLE MOTOR M1” in FIG. 16)”

On page 8, section (iv), please change “Once” to “one” as follows:

“**Once** advantage of the CAV recording is in that it enables to revolve an optical disc at a constant angular velocity”

---should be---

“One advantage of the CAV recording is in that it enables to revolve an optical disc at a constant angular velocity”

On page 9, in section (v), please insert as follows

Yoshimaru mentions two different modes of CAV recording: one is disclosed in column 2, line 17 – column 5, line 38 and Fig. 1, and the other in column 5, line 39 – column 7, line 13 and FIG. 4.

Respectfully submitted,
